Objective 2: Academia—Policy Integration				
Indicators /Activities	Expected Results /Outcomes		Unit of Measurement	Baseline value and Target Value
Policy Dialogue on the themes of governance reforms, federalism, and climate change once per semester.	a) Greater knowledge of EU experience and expertise in the chosen topic. b) An understanding of the EU experience within the Pakistan context. c) Integration of the EU experience in Pakistan policy making through a Policy Paper.		a) Pre- Policy Dialogue Position paper. b) Post-Policy Dialogue Policy Paper.	Since there are no EU focused Policy Dialogues and Papers coming from ITU, the base line is zero. The target value will therefore be: a) One Pre- Policy Dialogue Position paper per semester. b) One Post-Policy Dialogue Policy Paper per semester.

Objective 3: Academia—Civil Service Interaction				
Indicators /Activities	Expected Results /Outcomes		Unit of Measurement	Baseline value and Target Value
One dialogue per semester with senior civil servants attending training courses at the National School of Public Policy in Lahore.	a) Greater knowledge of EU experience and expertise in the chosen topic by civil servants. b) An understanding of the EU experience within the Pakistan context by civil servants. c) Integration of the EU experience in Pakistan policy making through by the civil servants.		Pre and Post- Dialogue Position Paper per semester.	Since there are no EU focused Dialogues with Civil Servants, the base line is zero. The target value will therefore be one Post-Dialogue Position Paper per semester.

Objective 4: Research on Governance and Policy Issues					
Indicators /Activities		Expected Results /Outcomes		Unit of Measurement	Baseline value and Target Value
The team members, and the Research Associate (RA), will all conduct research on public administration and institutional reform, federalism and climate change from the perspective of EU studies, according to their expertise.		a)	Greater knowledge of EU experience and expertise in the chosen topic.	Publication of at least one research article in a leading journal on each of the three research clusters.	With no research on the EU, the baseline is zero.
		b)	An understanding of the EU experience within a comparative context.		The target value will therefore be publication of at least one research article in a leading journal on each of the three research clusters.
		c)	Publication of at least one paper each of the three main clusters of research at the end of the three-year period.		

Objective 5: Collaboration with the ThinkFest in Lahore and Karachi							
Indicators /Activities		Expected Results /Outcomes		Unit of Measurement		Baseline value and Target Value	
Work with the ThinkFest to bring at least 4-5 EU scholars, thinkers and opinion makers to the Lahore and Karachi ThinkFests every year.		a)	Greater understanding of the EU among the general public.	a)	Identification, attendance and speaking of 4-5 EU experts at the Karachi and Lahore ThinkFests every year.	Several EU speakers have come to the ThinkFest in the past, but this will be the initiation of a specific collaboration. Therefore from a baseline of zero, the Target value will be:	
		b)	Increased understanding of specific issues from an EU perspective in Pakistan.	b)	Number of attendees at the ThinkFest panels with EU speakers.	a)	Successful visits of 4-5 EU experts to the Karachi and Lahore ThinkFest.
		c)	Increased footprint of the EU among the public in Pakistan.	b)		b)	Over 1000 in attendance overall at panels with EU speakers at each of the Karachi and Lahore ThinkFests every year.
		d)	Enhancement of public dialogue and engagement.
