

Madagascar country profile

Who are our mobility partners?

16 Malagasy universities in 71 partnerships

Who are our capacity-building partners?

Our priorities for education

N°1 priority for education

Improve the quality of teaching so that the necessary development of higher education contributes to Madagascar's development.

N°2 priority for education

Prioritise courses and subjects that meet the needs of the current labour market and/or can promote long-term economic development: Renewable Energies, Agriculture-Food Security and Nutrition, Biodiversity and Human Health, Climate Change

N°3 priority for education

Define a new strategy for higher education in line with a national development plan
