2. Participant register

Participant Identification Code (PIC)

Participant Register

[Key steps](#)[Reference documents](#)[Participant register](#)[Partner search](#)

The participant register is now multilingual!

at the top right corner of the Portal.

If you want to participate in a call for proposals or in a call for tenders with eSubmission, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). Please quote your PIC in all correspondence with the Commission.

The register contains all participants of EU programmes.

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register it again.

[Search a PIC](#)

**Make sure your organisation
doesn't have a PIC already**

Register your organisation

To register your organisation or as a natural person, you need to login into the Portal or, if you are a new user, create your account.

Check what information you need to register in the Online Manual - and keep it to hand during the registration procedure. To start registration, click on the button below

[Register your organisation](#)

You can suspend the registration process at any time: the data entered can be saved as draft and you can continue your registration later. To return to your registration, please log in and get into My Organisation(s) in the My Area section. Incomplete, draft registrations are automatically deleted after one year.

Additionally, for actions where the SME status is an eligibility criterion (like, e.g. the SME Instrument) you must also carry out the SME self-assessment.

Should your project or tender be successfully evaluated, the registered data will be verified by the Validation Service team before the signature of the Grant Agreement or of the Framework Contract.

If not, you can start registering

Welcome to the Participant Register

The Registration wizard will guide you through the registration process.

Please have the relevant documents at hand, to make sure you fill in everything correctly.

Registration will take 5-10 minutes. The system will automatically save your information if in case you need to close the wizard. Your data will be restored the next time when you re-enter the page.

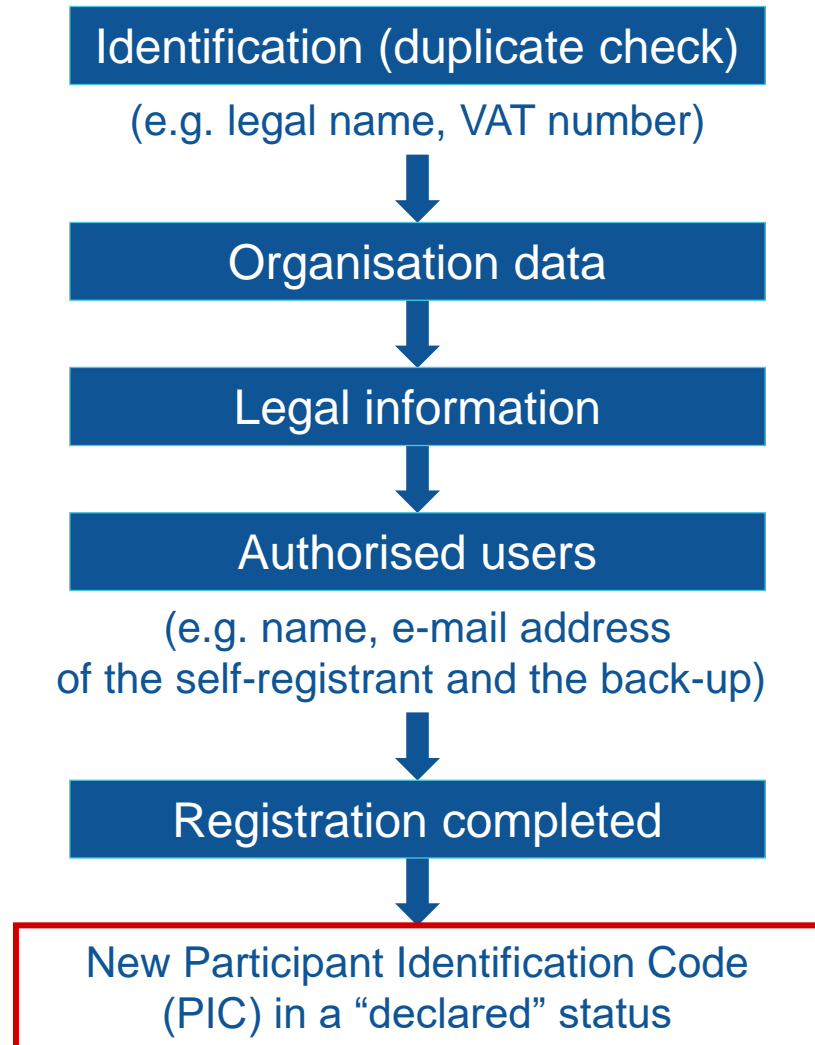

Your/organisation PIC number will be displayed at the end, when registration is completed. PIC: Participant Identification Code

Review the Form

How to register in the Participant Register

The screenshot shows the 'Participant's Register' interface. At the top, a progress bar indicates six steps: 1. Identification (active), 2. Organisation Data, 3. Legal Information, 4. Authorised Users, 5. Summary, and 6. Success. A 'Need help?' link is in the top right corner.

The 'Identification' section contains the following fields:

- Legal name * (text input, 240 characters)
- Registration country * (dropdown menu)
- Registration number (text input, 50 characters)
- VAT number * (text input, 20 characters) with a toggle switch labeled 'not applicable'.
- Website (text input, 500 characters)

At the bottom, there is a 'Review the Form' button and a 'Next' button.

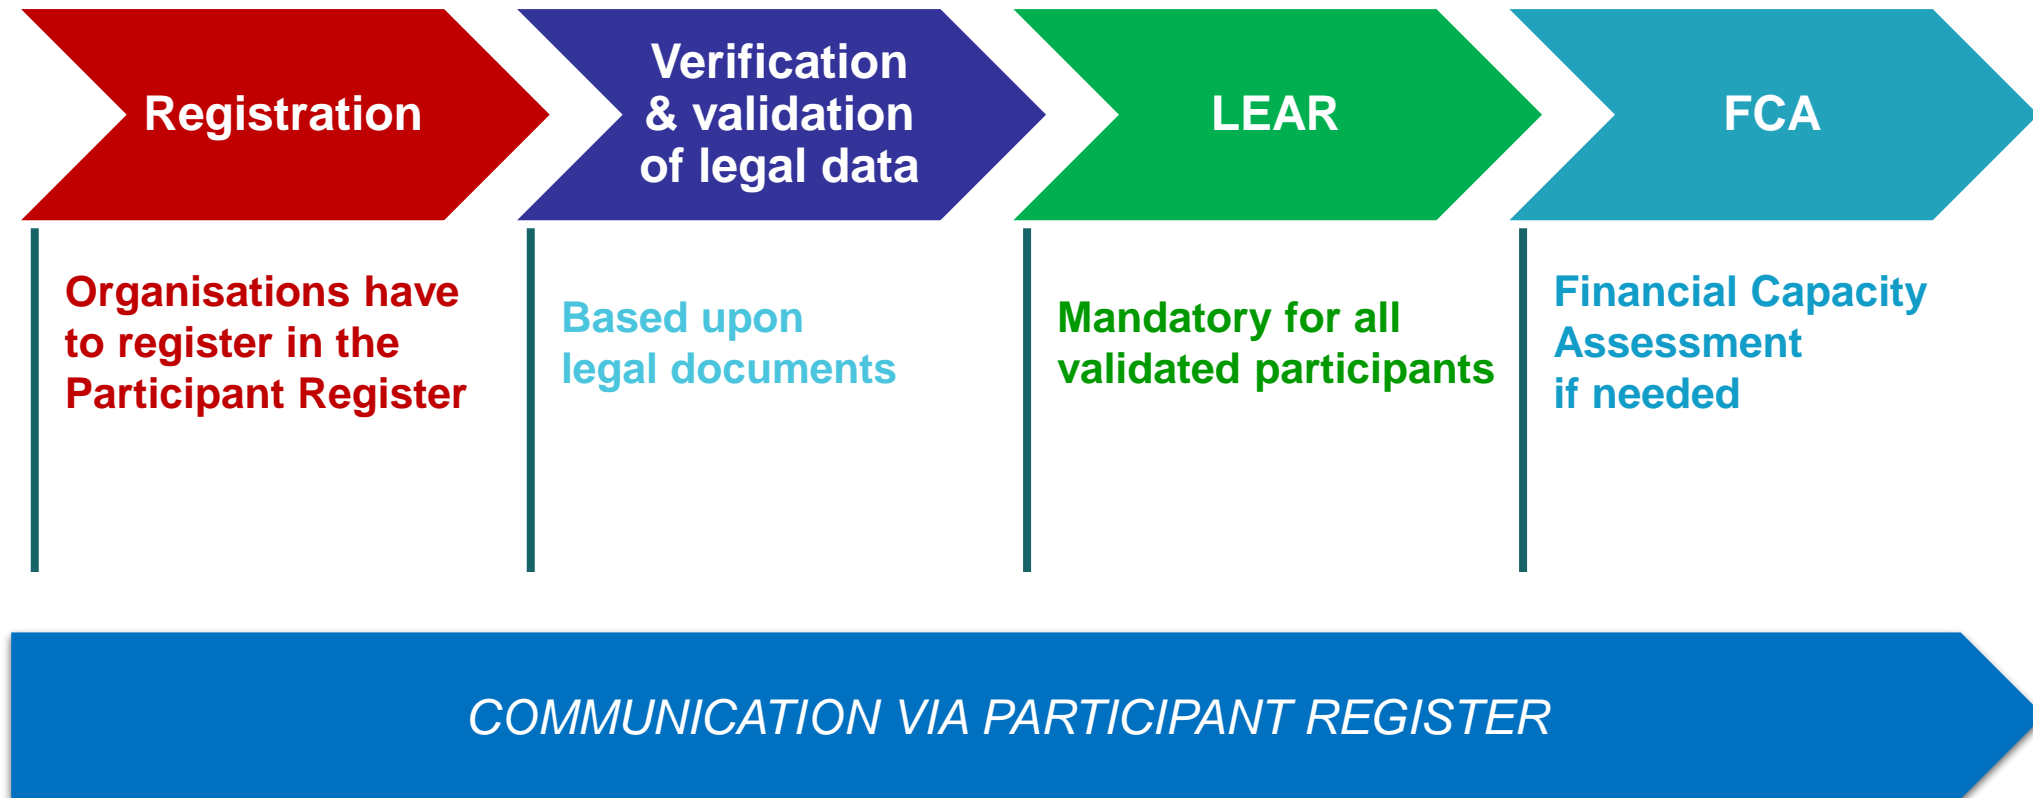

How to register in the Participant Register

- The person who registers an organisation receives the **Self-Registrant role**: this person is the **contact person with the Commission services** for this organisation **until a LEAR is appointed**
- When the registration is completed, the PIC number is **provisional**, meaning that the submitted data then needs to be validated by the Validation Services
- **All contact with the Validation Services must take place inside the Participant Register**

Legal validation

- Registration data is verified by REA Central Validation Service (CVS) **after a successful evaluation**
- The legal validation of a participant is done **once**, when the entity has to sign its first Grant Agreement or Contract
- It is **reused** for future participations in EU grant and procurement actions
- Validation is required for **all beneficiaries and affiliated entities** (linked third parties under Horizon 2020)

In this step you can edit the Administrative Forms and upload the proposal and its annexes. You may return to this step from the 'My Proposals' section of the Funding & Tenders Portal.

Submit your proposal as early in the process as possible - you can update and resubmit an improved version many times before the call closure.

Submitting a proposal will overwrite any previous versions of this same proposal - this process is irreversible.

Any changes made to the proposal will not be available to the European Commission service unless resubmitted before the call closure.

Your proposal contains changes that have not yet been submitted.

Prerequisites for organisation registration

WHY DO I NEED TO REGISTER MY ORGANISATION?

To submit an application or become a partner in a project, you will need an Organisation ID. You can get your Organisation ID if you fill in a simple form proving some basic information about your organisation. Please note that organisations that have already participated in an Erasmus+ or European Solidarity Corps action managed by a National Agency and have a Participant Identification Code (PIC) have automatically assigned an Organisation ID.

WHAT ARE THE PREREQUISITES FOR ORGANISATIONS REGISTRATION?

The organisation registration goal is to create a unique identifier for every organisation - applicant, beneficiary or partner - participating in the programme. That's why before you register your organisation, it's essential to check whether your organisation already exists in the system. Please use the search field below and type in either the legal name, business name, an organisation website hyperlink, PIC or an OID number to check whether your organisation exists.

Upload of forms required by the programme

As part of the registration process, applicants must also upload the Financial Identification form and the Legal Entity form in the Organisation Registration System. These forms can be downloaded from the [Forms for EU contracts](#) page.
