Participant Register

The participant register is now multilingual! Select your preferred language from the top right corner of the Portal.

If you want to participate in a call for proposals or in a call for tenders with eSubmission, your organisation needs to be registered and have a 9-digit Participant Identification Code (PIC). Please quote your PIC in all correspondence with the Commission.

The register contains all participants of EU programmes.

Is your organisation already registered? PIC search

Please check whether your organisation has already been registered. If so, no need to register it again.

Find a registered organisation

Register your organisation

To register your organisation or as a natural person, you need to login into the Portal or, if you are a new user, create your account.

Check what information you need to register in the Online Manual - and keep it to hand during the registration procedure. To start registration, click on the button below.

Register your organisation

You can suspend the registration process at any time: the data entered can be saved as draft and you can continue your registration later. To return to your registration, please log in and get into My Organisation(s) in the My Area section. Incomplete, draft registrations are automatically deleted after one year.

Additionally, for actions where the SME status is an eligibility criterion (like, e.g. the EIC Accelerator) you must also carry out the SME self-assessment.

Should your project or tender be successfully evaluated, the registered data will be verified by the Central Validation Service team before the signature of the Grant Agreement or of the Framework Contract.
