# Erasmus Networks Platform

The Erasmus Networks Platform provides the Erasmus community with opportunities for sharing, discussing and connecting.

Each network has its own dedicated space, accessible via the links below or the Networks menu.

Some of these networks are by invitation only, so you should only request to join those for which you have received an invitation.

Once in your network space, you can share news, publish content, connect with peers and discuss topics within the groups that are part of your network. **Join the network you have been invited to:**

## Welcome to the Erasmus Mundus Community

Stay informed!

The Erasmus Mundus Community online platform is a private space for all **Erasmus Mundus beneficiaries** to exchange and network among peers. If you are an academic or professional staff member **directly involved** in a running Erasmus Mundus Joint Master Degree (EMJMD), Erasmus Mundus Joint Master (EMJM) or Erasmus Mundus Design Measure (EMDM) we invite you to join and participate in this community.

**All content and groups will become available once your request to join the Community as a representative has been approved.**

Connect, network, share, mentor!
