Participant Register

 The person who registers an organisation receives the Self-Registrant role: this person is the contact person with the Commission services for this organisation until a LEAR is appointed

• When the registration is completed, the PIC number is **provisional**, meaning that the submitted data then needs to be validated by the Validation Services

All contact with the Validation Services must take place inside the Participant Register

Legal validation

- Registration data is verified by the Central Validation Service (CVS) after a successful evaluation
- The legal validation of a participant is done **once**, when the entity has to sign its first Grant Agreement or Contract
- It is **reused** for future participation in EU grant and procurement actions
- Validation is required for all beneficiaries and affiliated entities (linked third parties under Erasmus+ projects)
