Erasmus+ Virtual Exchanges (EVE)

Erasmus+

Enriching lives, opening minds

2021-2027

What are 'virtual exchanges'

Online people-to-people activities that promote intercultural dialogue and soft skills development. They make it possible for every young person to access high-quality international and cross-cultural education without physical mobility.

They take place in **small groups** and are always **moderated by a trained facilitator**.

They should be **easily integrated into youth (non-formal education) projects or higher education courses** – involve participants from either only one or from both sectors.

Participant organisations must arrange **virtual exchanges for people in the 13-30 age range**.

Specific objectives of the call

- Encourage **intercultural dialogue** with third countries not associated to the Programme and increase tolerance through online people-to-people interactions
- Promote various types of virtual exchanges, allowing more young people to **benefit from intercultural and international experience**
- Enhance **critical thinking and media literacy**, particularly in the use of internet and social media
- Foster the **digital and soft skills development** of students, young people and youth workers (*including practice of foreign languages, teamwork, enhance employability*)
- Promote **citizenship and the common values** of freedom, tolerance and non-discrimination through education
- Strengthen the **youth dimension** in the relations of the EU with third countries
