Jean Monnet Actions (2021– 2027)

Erasmus+

Enriching lives, opening minds

2021-2027

Who was Jean Monnet?

Who was Jean Monnet?

- A French cognac trader who left school age 16 to travel the world, discovered the power of collective action, devoted his life to uniting people, and launched the European integration project.

« We are not coalescing States, we are uniting People »

Why “Jean Monnet Actions”?

- Jean Monnet was the first « salesman of Europe ». He knew how to convince people of the need for European unity, using simple words which everyone could understand and which still resonate today. He was, fundamentally, a master European educator.

«A time comes when the best we can do is to teach what we think to be right »
